The suit of Edward L. Owen, a lawyer, against the Rev. Dr. Stephen H. Tyng, Jr., formerly paster of the Church of the Holy Trinity, and now an agent for the Equitable Life Assurance Society in Europe, came before Fudge Donohue in Supreme Court, Chambers, resterday, on a motion by counsel for the de-fendant. The suit is to recover a balance alleged to be due the plaintiff at the close of certain stock speculations that he undertook jointly with Dr. Tyng between January and October, 1880. It appears by the plaintiff's papers that Dr. Tyng, previous to his with-frawal from active service in the ministry, deposited about \$8,000 with Mr. Owen, who used it in buying and selling stocks and bonds in Wall street through Ewen & Osborne, brokers, The brokers subsequently failed. In the bill of particulars furnished by the plaintiff the following items appear:

Cash alvanced by plaintiff 5.500 00

Note paid by plaintiff 5.500 00

Cash and proceeds paid by plaintiff 8,058 49 \$14,858 49

Cash furnished by defendant 6,252 50

Palance One half due from defendant beduct amount received by plaintiff from Ewen & Osborne's assignee 750 00

Balance due from defendant.

Among the transactions in stocks and bonds itemized in the bill of particulars are; Kansas and Pacific consolidated bonds, \$10,000; Chesabeake and Ohio Raiiroad bonds, \$10,000; Union Pacific Railway stock, 100 shares; Missouri, Kansas and Texas Railway bonds; city of Bavannah bonds, \$7,000. Other items were specified about which there is a dispute.

Gen. Henry E. Tremain, counsel for the Rev. Dr. Tyng, claimed that the bill of particulars was imperfect and insufficient. He said that it was too general, that it gave no dates, and did not show whose notes were paid or the names of those from whom the securities were procured. It contained transcripts from books other than the plaintiff, and was evasive. Counsel said that the plaintiff was the only one who could state the particular items and transactions, and that he had neglected to do so. The bill should show how much money had been advanced or given on securities, how much had been invested at each particular transaction, and what was done on account. Gen. Tremain moved that the bill be stricken from the record.

Louis C. Lewis, counsel for Mr. Owen, read an answer an affidavit, made by himself, in which he made reference to a letter written by the Rev. Dr. Tyng to Mr. Owen, acknowledging the advance of \$6,000 to the latter. Judge Donohus reserved his decision. Balance due from defendant

Coroner Robinson, who was charged by ex-Commissioner Williams with offering him a large roll of bills to withdraw his opposition to the pool rooms, says that the money offered by him was for another purpose entirely, the conclusion of a business matter between them, and had no relation whatever to the pool rooms. He offers to wager \$500 to \$100 that Mr. Williams eannot prove the money was offered to him as a bribe.

The asking of a permit to build the station was simply an act of courtesy on the part of the elevated road, and, believing that the station would add to the convenience of the travelling public, I granted the permission to creet it. A permit to disturb the pavement was granted by Commissioner Hubert O. Thompson."

A part of the iron framework for the station has been built in sections, and it is presumed that another attempt will be made to set it up.
